

# Single-Slope Construction Laser

RL-HV1S

# Single-Slope Construction Laser

## Single-slope applications

Designed for a variety of tasks, it can be used for single-slope applications. Slopes up to  $\pm 5\%$  ( $\pm 15\%$  with tilting plate) can be used in the X axis.

## High powered

With an operating range of over 800 m (diameter), the RL-HV1S has the power to cover even the biggest projects.

## Long battery life

Contractors who want a laser with a long battery life will love the RL-HV1S. With an operating time of 120 hours on alkaline batteries or 65 hours with the rechargeable Ni-MH battery pack, this laser will still be working long after others have quit.

## All-weather dependability

With the IP66 rating, the RL-HV1S is "job site tough" and can withstand dust, a sudden shower, and even torrential rainfall.

## Bluetooth Laser Manager

Compatibility for iOS and Android provides wireless remote control using a cell phone to adjust slope and check calibration. No special remote control needed.

**Long-range operation  
(800 m)**

**For single-slope  
applications**

**Up to 120 hours  
battery life**

**Tough IP66  
construction rating**

**Laser Manager app  
(iOS and Android)**

### Key Components

- RL-HV1S laser
- Laser manager app
- Works with LS-100 and LS-80 series laser receiver
- Bluetooth
- Sensor holder
- Batteries and charger
- Carry case

### Five-year guarantee

The RL-HV1S laser comes with a five-year guarantee. Topcon backs up this reliable, accurate laser with the best factory warranty in the industry.
